Clever | A Collaborative Low Energy Vision for the European Region

WEBINAR
15.12.2022, 10:00-12:00

CLEVER: first scenario results and lessons for Europe

Moderation: Stephane Bourgeois, négaWatt Association, France

10:00-10:05 — Welcome and introduction

Stephane Bourgeois (nW Association, France)

10:05-11:00 — General session: CLEVER construction and first global results

10:05 The CLEVER construction and approach

- **CLEVER in context**

Frauke Wiese *(EnSu/Europa Universität Flensburg, Germany)*

- **CLEVER construction and approach**

Mathilde Djelali and Yves Marignac *(nW Association, France)*
Gunnar Boye *(INFORSE, Denmark)*
Krista Petersone *(Zala Briviba, Latvia)*

10:20 CLEVER first global results

- **Global results for Europe**

Nicolas Taillard *(nW Association, France)*

- **German, Italian and Polish trajectories in context**

Johannes Thema *(EnSu/Wuppertal, Germany)*
Andrea Roscetti *(Politecnico di Milano, Italy)*
Anna Dlawichowska *(Wise Europa, Poland)*

10:45 Q&A session

11:00-11:55 — Technical session: Main assumptions and first results per sector

11:00 Main assumptions and first results for consumption sectors (industry, mobility, buildings)

Nicolas Taillard and Adrien Toledano *(nW Association, France)*

11:20 Q&A session

11:30 Main assumptions and first results for energy production and carrier balances

Nicolas Taillard (*nW Association, France)*

11:45 Q&A session

11:55-12:00 — Conclusions and next steps for CLEVER

Stephane Bourgeois (nW Association, France)
